Houston's Choice Senior Care Announces Grand Opening

Local veteran and family-owned home care agency offers custom personal care solutions

Houston, TX (June 18, 2021) – Houston's Choice Senior Care has officially opened its doors to provide exceptional in-home care services for older adults throughout the greater Houston area. Locally owned and operated by a US Air Force Vietnam veteran and his family with personal experience in senior home care and hospice, Houston's Choice Senior Care is about family caring for family.

Each member of Houston's Choice Senior Care's team of experienced CNAs and caregiving aides is fully insured, drug screened, and background checked, and is compassionate, dedicated, and committed to providing the high level of care seniors need and deserve.

"As a senior, I understand the changes life brings to us," explains Michael Stoma, founder. "As my mom said as she turned 87 years young, 'I don't feel any different than I did when I was nineteen. I just can't do as much.' Sometimes we just need a little help from someone who cares and understands. It enriches my life to know that I can help those facing life's changes as I face my own."

Co-Founder Taylor O'Bryan found his passion for care at home after an illness. "Being hospitalized, alone and isolated from my family while battling an illness, impressed upon me that there are many people who go through something similar every day. The experience created a desire in me to help other people, especially seniors, who I believe would benefit from having high quality, personalized care in the comfort of their own home."

Houston's Choice Senior Care offers a wide range of customized home care services based on each person's unique needs, including meal planning and preparation, housekeeping and deep cleaning, medication management, personal care, transportation and errand-running, companionship, home organization, plant and pet care, and much more.
